

ALTÈRA

design made for you

NEW SPACE TO LIVE

From the study of everyday spaces comes the need of Teraplast S.p.A. to introduce a new line of furniture items to integrate complements in perfect balance with the environments, without relegating them to a marginal role. The choice of shapes, colors and textures aims to demonstrate the versatility of products in different contexts, in order to enhance the space around us.

The experience of a solid company combined with the passion for innovation, the research for original and functional design, the curiosity for new possibilities and the interest in proposing diversified solutions, guided by superior aesthetics, have given birth to **Altèra**.

Dallo studio degli spazi del quotidiano nasce l'esigenza di Teraplast S.p.A. di introdurre una nuova linea di articoli di arredo per integrare complementi in perfetto equilibrio con gli ambienti, senza relegarli ad un ruolo marginale.

La scelta delle forme, dei colori e della texture vuole dimostrare la versatilità dei prodotti in contesti differenti, allo scopo di impreziosire lo spazio che ci circonda.

L'esperienza di un'azienda solida unita alla passione per l'innovazione, la ricerca per il design originale e funzionale, la curiosità verso nuove possibilità e l'interesse di proporre soluzioni diversificate, guidate da un'estetica superiore, hanno dato vita ad **Altèra**.

combo

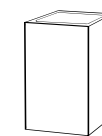

Essential and modern lines to blend and match.
COMBO has been designed to give a distinctive mark
to indoor & outdoor furniture.
Shapes and colours have been studied to be integrated
in a design context and to satisfy the stylistic needs of
the spaces, exalting their harmony, beauty
and particularity.

Linee essenziali e moderne da mixare e abbinare.
COMBO è stata ideata per conferire un segno distintivo
all'arredamento indoor & outdoor.

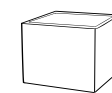

Forme e colori sono stati studiati per essere inseriti in
un contesto di progettazione e assecondare le esigenze
stilistiche degli spazi esaltandone l'armonia, la bellezza
e la particolarità.

For outdoor installation

Certificates CE, IP55 dielectric strength class, complete with power cord, hole plug, lamp. No equipped with a switch. It is recommended that the installation is made by qualified personnel. The outdoor version is equipped with a hole and a tube to drain water that might be accumulated in the container. It is important that the hole and the tube will not be obstructed so as to allow safe drainage. Therefore we recommend to never put the plant or the soil directly in the container but always place a saucer and a pot of appropriate sizes. Never put the soil or plant directly into the container. In this way you risk to obstruct the hole and the drainage tube compromising their operation and safety. Please clean frequently the hole and the drainage tube.

Per installazione all'esterno

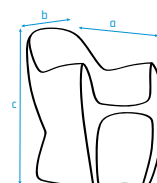

Certificati CE, classe di isolamento IP55, completi di cavo di alimentazione, presa bipolare, lampada. Non sono dotati di interruttore. Si consiglia che l'installazione all'esterno venga effettuata da personale qualificato. Le versioni outdoor sono dotate di un foro e un tubo per il drenaggio dell'acqua che si potrà accumulare nel contenitore. È fondamentale che il foro e il tubo non vengano ostruiti in modo tale da permettere un sicuro drenaggio. Per questo consigliamo di non mettere mai la pianta o la terra direttamente nel contenitore ma di posizionare sempre un sottovaso e un vaso di contenimento di dimensioni appropriate. Pulire frequentemente il foro e il tubo di drenaggio.

SELF-WATERING SYSTEM

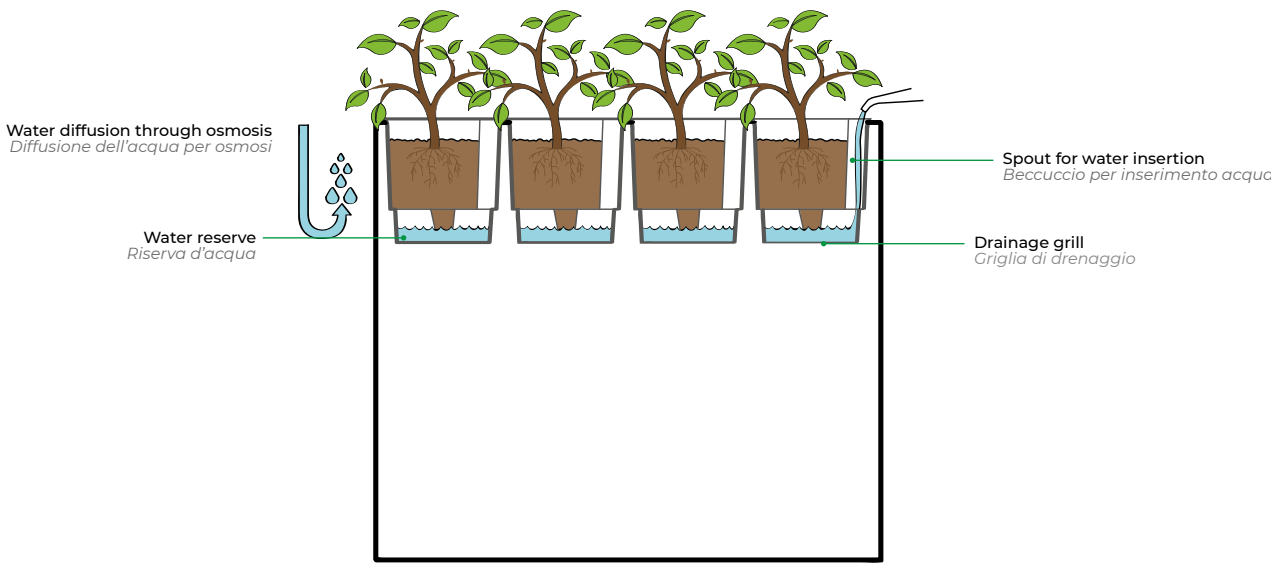

SISTEMA DI RISERVA D'ACQUA

HOW IT WORKS

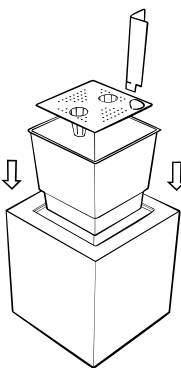

COME FUNZIONA

The Self-watering system allows to feed your plants without having to water it often. The drainage holes for the “overflow” allow you to download any excess water so the plant itself will be to draw on the reserve of water when it needs them. Some of the pots equipped with this system also have a coating membrane that, once removed, it allows excess water to leak from the pots.

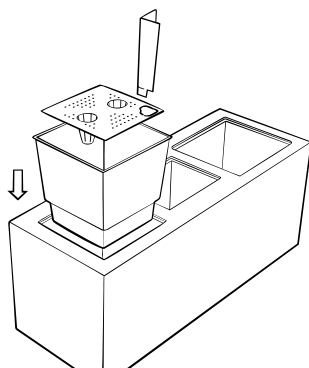

La riserva d'acqua permette di alimentare le vostre piante senza bisogno di irrigarle spesso. I fori di drenaggio per il “troppo pieno” permettono di scaricare eventuali eccessi di acqua così sarà la pianta stessa ad attingere alla riserve d'acqua quando ne avrà bisogno. Alcuni dei vasi dotati di questo sistema hanno anche una membrana di rivestimento che, una volta rimossa, permette all'acqua in eccesso di fuoriuscire dai vasi.

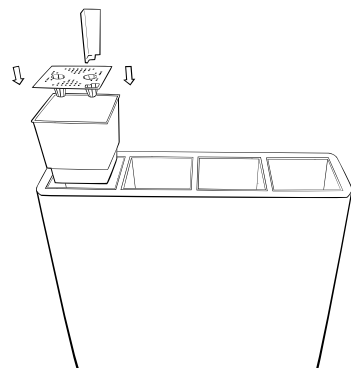

The Self-watering system is available only for CUBE, PRINCESS and BONNIE
Il sistema di riserva d'acqua è disponibile solo su CUBE, PRINCESS and BONNIE

INSTRUCTION

ISTRUZIONI

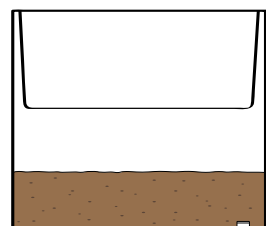

CACHE POT VERSION

VERSIONE CACHE POT

We recommend to put a pot with its saucer inside the inner lodging, without drilling holes, and do not remove the PVC stopper.

Si consiglia di mettere un vaso con il suo sottovaso all'interno del coprivaso, senza praticare fori, e senza rimuovere il tappo in PVC.

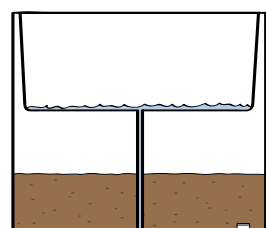

INDOOR VERSION (BONNIE & CLYDE)

VERSIONE PER INTERNO

Ballast the planter with sand by inserting it from the hole provided below, without drilling additional holes. Do not start potting before putting sand in the planter to avoid instability.

Zavorrare la fioriera con la sabbia inserendola dal foro posto nella parte inferiore, senza praticare ulteriori fori. Non iniziare a invasare prima di mettere la sabbia nella fioriera per evitare l'instabilità della stessa.

OUTDOOR VERSION (BONNIE & CLYDE)

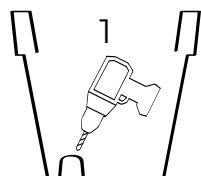

VERSIONE PER ESTERNO

Ballast the planter with sand by inserting it from the hole provided below, without drilling additional holes. The outdoor version has a drainage hole for excess water. Do not start potting before putting sand in the planter to avoid instability.

Zavorrare la fioriera con la sabbia inserendola dal foro sottostante, senza praticare ulteriori fori. La versione per esterni ha un foro di drenaggio per l'acqua in eccesso. Non iniziare a invasare prima di mettere la sabbia nella fioriera per evitare l'instabilità della stessa.

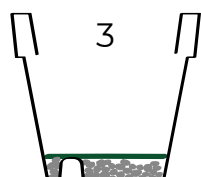

ACCURATE PLANTING PREPARATION

CORRETTA PREPARAZIONE AL PIANTUMAGGIO

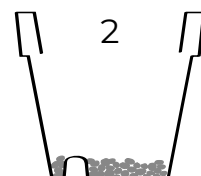

If the vase you have purchased is equipped with a special drilling predisposition, make a hole with the drill at least 8mm in diameter, it will act as an overflow valve.

Se il vaso che hai acquistato è dotato di apposita predisposizione alla foratura, esegui un foro con il trapano di almeno 8mm di diametro, fungerà da valvola del troppo pieno.

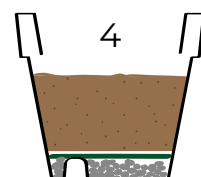

Lay a veil of mulching fabric. The water will flow through the fabric but the soil will remain on top.

Stendi un velo di tessuto per pacciamatura. L'acqua defluirà attraverso il tessuto ma la terra rimarrà al di sopra.

First pour some expanded clay on the bottom of the pot, it will help to get better drainage.

Per prima cosa versa dell'argilla espansa sul fondo del vaso, aiuterà ad ottenere un miglior drenaggio.

Pour the soil inside the pot, over the mulching fabric. Now you can plant your plant.

Riversa il terriccio all'interno del vaso, sopra al tessuto per pacciamatura. Ora puoi piantare la tua pianta.

GUARANTEE

GARANZIA

ALTERA undertakes to deliver the Products manufactured in a workmanlike manner, free from defects and in accordance with the agreement between the parties and the regulations in force at the time of their delivery to the purchaser. ALTERA guarantees the Products for hidden defects for twelve (12) months from the date of shipment. The forfeitures and prescriptions provided for by art. 1495 of the Italian Civil Code shall apply.

ALTERA si impegna a consegnare i Prodotti realizzati a regola d'arte, privi di difetti e conformi all'accordo tra le parti e nelle normative vigenti al momento della loro consegna all'acquirente. ALTERA garantisce i prodotti per vizi occulti per dodici (12) mesi dalla data di spedizione. Si applicano le decadenze e le prescrizioni previste dall'art. 1495 c.c.

MAINTENANCE

MANUTENZIONE

Avoid accumulations of dust or dirt on surfaces and periodically clean the product with a damp cloth soaked in Marseille soap or neutral liquid detergents, better if diluted in water. Avoid the use of ethyl alcohol or detergents containing, even if in small quantities, acetone, trihelin and ammonia (solvents in general). The lacquered version is suitable for outdoor use but more sensitive to scratches, for this reason use a "Polish" type paste, rubbing gently with cotton wool.

Evitare accumuli di polvere o di sporco sulle superfici e pulire periodicamente il prodotto con un panno umido imbevuto di sapone di Marsiglia o detersivi liquidi neutri, meglio se diluiti in acqua. Evitare l'uso di alcool etilico o di detersivi contenenti, anche se in piccole quantità, acetone, trielina e ammoniaca (solventi in generale). La versione laccata è adatta per uso esterno ma più sensibile ai graffi, per questo motivo utilizzare una pasta tipo "Polish", strofinando delicatamente con ovatta.

RECYCLING

SMALTIMENTO

It cannot be treated as domestic waste. Proper disposal will help to avoid hazards to the environment, people and animals and will promote the recovery of recyclable materials of which it is composed. When the product has reached the end of its useful life, it should be handed over to the separate collection points. For further information on disposal, please consult your retailer or the relevant offices of your local government.

Non può essere trattato come rifiuto domestico. Un corretto smaltimento contribuirà ad evitare pericoli per l'ambiente, le persone e gli animali e favorirà il recupero dei materiali riciclabili di cui è composto. Quando il prodotto avrà raggiunto la fine della sua vita utile dovrà essere consegnato ai Centri di Raccolta Differenziata. Per ulteriori informazioni sullo smaltimento consultate il vostro rivenditore o gli uffici competenti dei vostri enti amministrativi locali.

WARNINGS

AVVERTENZE

Read carefully how to clean the product. Do not overweight the structure of the pot, to prevent the product from being deformed; do not exceed the recommended amount of soil, even if the container does not fill completely. Avoid improper and inappropriate use of the product. Do not step on the product with your feet. The pot should be used with the base resting on a flat floor. When moving, lift the product to avoid damage to the components resting on the floor. Avoid placing the product near excessive heat sources.

Leggere attentamente le modalità di pulizia del prodotto. Non appesantire oltremodo la struttura del vaso, per evitare che il prodotto subisca deformazioni; non superare la quantità di terriccio consigliata, anche se il contenitore non si riempie completamente. Evitare usi impropri e non consoni al prodotto. Non salire con i piedi sul prodotto. Il vaso va utilizzato con la base appoggiata su un pavimento piano. In caso di spostamento, sollevare il prodotto onde evitare danni ai componenti che appoggiano a terra. Evitare di posizionare il prodotto in prossimità di fonti di calore eccessive.
